

Início

```
graph TD; A([Início]) --> B[/km, milha = 0.621371/]; B --> C[/km * milha/]; C --> D([Fim]);
```

A vertical flowchart with four nodes connected by downward arrows. The first node is an oval labeled 'Início'. The second node is a parallelogram labeled 'km, milha = 0.621371'. The third node is a parallelogram labeled 'km * milha'. The fourth node is an oval labeled 'Fim'.

km, milha =
0.621371

km * milha

Fim
